

NB Distressed Debt Investment Fund Limited

June 30, 2023

Dear Investor:

We are providing the enclosed information with respect to your investment in the Extended Life Share Class of NB Distressed Debt Investment Fund Limited ("NBDDIF Ltd.").

NBDDIF Ltd. is a PFIC for U.S. federal income tax purposes. Accordingly, a U.S. investor in NBDDIF Ltd. is considered a U.S. shareholder in a PFIC. A U.S. shareholder is subject to the rules contained in Sections 1291 through 1298 of the Internal Revenue Code. A U.S. shareholder may elect to treat the arrangement as a Qualified Electing Fund ("QEF") pursuant to Section 1295(b) with respect to the shareholder's ownership interest in the PFIC. Once a QEF election is made, the election applies to all subsequent tax years.

Should a shareholder follow appropriate procedures and make a QEF election, the shareholder is taxed on the shareholder's proportionate share of earnings computed under U.S. tax principles for each year in which the fund is a PFIC. An electing U.S. shareholder reports the share of earnings from the PFIC by filing IRS Form 8621, Information Return by a Shareholder of a Passive Foreign Investment Company or Qualified Electing Fund.

The amounts reflected on the enclosed PFIC Annual Information Statement represent the shareholder's share of NBDDIF Ltd.'s ordinary earnings and net capital gain income for the tax year. As a shareholder, if a QEF election is effective, you should pick up your pro rata share of NBDDIF Ltd.'s income for the number of days during the year that you held the investment.

A shareholder who has made a QEF election may elect to defer paying the tax on the undistributed income of the PFIC, if any, on Form 8621. If this election is made under Section 1294 of the Code, the shareholder will be subject to an interest charge on the deferred tax.

Ordinary earnings from NBDDIF Ltd. are not "qualified dividends," and thus are not eligible for the reduced rate of tax provided by the 2003 Jobs and Growth Reconciliation Tax Act.

A U.S. shareholder who received distributions during the fiscal year may receive IRS Form 1099-DIV from the trustee or paying agent stating the cash payment. A shareholder who has made a QEF election should consider whether the distribution has been taxed as part of a previous QEF income inclusion.

It is suggested that the shareholders consult with their tax advisors and the offering documents to determine whether to make a QEF election with respect to their ownership interest in NBDDIF Ltd.

Sincerely,

NB Distressed Debt Investment Fund Limited
